

Lior Fridman

Full-stack Developer specialized in Frontend

Liorspidy@gmail.com | 052-6507301 | [linkedin.com/in/liorfridman](https://www.linkedin.com/in/liorfridman) | github.com/liorspidy

Detail-oriented Full-Stack Developer specialized in frontend with a B.Sc. in Computer Science and a passion for creating engaging, user-friendly web applications. I bring strong expertise in modern frontend technologies and frameworks, along with a commitment to delivering high-quality code and optimizing user experiences.

Education

Bachelor of Science in Computer Science, Holon Institute of Technology (HIT) | 2020 – 2023

Areas of Expertise

Core Technical Skills

- **Frameworks & Libraries:** React, Angular, Vue, jQuery, Bootstrap, Tailwind, Handlebars.js
- **Languages & Markup:** HTML, CSS, SCSS, LESS, JavaScript, TypeScript
- **Development Tools:** Node.js, Express.js, Docker
- **Version Control & Collaboration:** Git, GitHub, SourceTree, Bitbucket
- **APIs & Integrations:** REST APIs, AJAX, JSON
- **Design & UI/UX Tools:** Figma, Adobe XD, Photoshop

Soft Skills

- Multitasking
- Team Collaboration
- Problem-Solving
- Attention to Detail
- Analytical Thinking

Good To Know Skills

- **Testing:** Selenium, Cypress
- **Programming:** Python, C, C++, Java

Work Experience

Frontend Developer

Elad Software | 2022 – Present

- Developed **responsive**, dynamic web applications for **e-commerce and informational sites** using **Angular**, **Vue.js**, **React**, and **TypeScript**, with **SCSS** and **LESS** optimizations reducing style inconsistencies by 20% and improving mobile responsiveness by 25%.
- **Collaborated with backend teams** on full-stack applications using **REST APIs**, improving data flow and enhancing the integration between front-end and back-end systems for a smoother user experience.
- **Partnered with designers** to implement intuitive, user-friendly interfaces, increasing user satisfaction through streamlined workflows and improved UI consistency.
- Worked within an **agile methodology** using **sprints**, focusing on **team collaboration**, iterative improvements, and quick responses to evolving project requirements.

Junior Developer and Support Engineer

Pres Global | 2021 – 2022

- Enhanced customer satisfaction by utilizing ticketing systems and providing swift resolutions to over 50 client queries monthly.
- Developed and optimized responsive web documents using **CSS** and **HTML**.
- Extracted insights from **MySQL** databases and **automated SQL procedures**, reducing manual data processing time by 30% and improving reporting efficiency.
- Provided technical support solutions, resolving 95% of help-desk inquiries within the same day by utilizing troubleshooting software and remote desktop tools, enhancing overall user satisfaction.

Military Service

Purchasing Manager | 2014 – 2019

- Honorably discharged as a First Lieutenant, demonstrating leadership and commitment.
